

## **XBite Restaurant – Company Overview**

### **About XBite**

XBite is a restaurant based in Saudi Arabia that offers a variety of meals and catering services. The restaurant provides an online ordering experience and focuses on delivering quality food and customer satisfaction.

### **Why XBite was selected**

XBite was selected as a case study for the **Restaurant Catering System project** to analyze real business requirements and design a system that supports catering requests, order management, and delivery scheduling.
